SOMETHING MORE ABOUT OUR INCREASING F. Hirshberg, and M. Cunningham. COMMERCE-THE OIL TRADE-VESSELS IN PORT.—Yesterday we had something to say concerning the increase in the oil business rom Richmond to foreign ports, and also the gratifying advance of the shipping interest generally, and the coal trade from this to other foreign and domestic ports. A New York firm doing a thriving business publishes a circular containing information or vessels loading oil at Richmond; and in hat circular recommends this port as fol-

our duty to inform ship-owners and brokers of the advantages to load petroleum in Richmond. We are fully convinced that vessels loading there will find an advantage of almost 6d. per 40 gallons against the ports of New York, Philadelphia, or Balti-more. Vessels can load at the Chesapeake and Ohio railroad dock to a depth of 132 feet, and will complete at City Point. We guarantee to vessels loading in Richmond

the following inducements: "1. No wharfage charges. 2. Stevedoring not to exceed four and a quarter cents per round barrel. 3. Cheaper dunnage wood than in any other oil port. 4. Port charges none, except trifling for customhouse fee. 5. Cheaper labor for discharging ballast. 6. No pilotage up the James river, as vessels anchoring at Hampton Roads or Fortress Monroe will be taken from there to Richmond and back again by tug, at not exceeding forty cents per register ton. The captain must arrange at the same time all intermediate towages, which are included in

A. W. Harris, of Virginia, vice-president W. A. Candler, of Georgia, secretary; and Mr. Witt delivered a most beautiful wel-

coming address to the convention. Last night the annual oration was delivered by W. A. Candler, of Georgia. We regret that we cannot give extensive extracts from this masterly production. We can say that for beautiful diction, exquisite polish, and profound thought, we have seldom

heard its equal. They banquet to-night at the Park Hotel, and leave the city for an excursion to the Centennial. We are happy to have the legislative body of this noble southern fraternity meet in our city. It has a high and laudable mission in view, and right bravely is it being

accomplished. We hope their stay in Richmond may be pleasant, and that they may find it convenient to meet often in our midst.

TOBACCO CONTRACT AWARDED .- Commissary-General Macfeely, United States army, has awarded Messrs. D. C. Mayo & Co. a contract for furnishing 5,000 pounds of their 'Virginia Choice" smoking-tobacco for use in the United States Commissary Deuse in the United States Commissary Department. This is the first contract of the kind given to Richmond for a number of years; all these contracts having been heretofore awarded to parties in New York and Baitimore. Messrs, Mayo & Co. have hefetofore furnished numerous Indian contracts for plug-tobacco.

CHARGED WITH POISONING A FAMILY.—
On last Sunday week Mr. William C. Corson and family, who reside at McRea's Store,

son and family, who reside at McRea's Store, in Cumberland county, were taken suddenly very sick after eating some rice for dinner. Suspicion was aroused, which subsequently led to the arrest of the cook, who is now in ail, charged with attempting to poison them. A quantity of the rice was sent to Dr. Taylor, analytical chemist of this city, who will make an analysis of it.

DIVORCE GRANTED .- Judge Fitzhugh, of the Chancery Court of Richmond, has granted a divorce to Mrs. S. A. Morriss (nee Bennett) from her husband, Captain Anderson D. Morriss, of Danville. The care, eustody, and control of the son was awarded to Mrs. Morriss.

EXHIBITION-INTERESTING EXERCISES-ADDRESS BY FATHER KELLY

The annual exhibition and distribution of premiums of St. Patrick's Female Academy took place yesterday morning at 10 o'clock in the basement of St. Patrick's church, on Twenty-fifth street near Broad. This was the last commencement of the Catholic institutions of Richmond. This school is under the charge of the Sisters of Charity. and is most admirably conducted. Though a Catholic institution it includes among its pupils a number of children of persons of other denominations. It is under the spewest to southeast winds, slight changes in cial charge of Sister Rosalie as superior. temperature, and possibly lower pressure, The attendance during the past year was about 160.
